

DILAN WEERSINGHE

Experience

Intern Software Engineer

eBuilder Technology Center, Sri Lanka | Oct 2021 - July 2022

I worked as a software developer at the eBuilder Technology Center on a middleware migration project. While working there, I gained expertise with Axway technologies and used Java, SQL, and Linux scripting. This project was developed under the scrum methodology. It is another experience that was highly beneficial to me. As we worked in an agile environment, I learned the significance of adaptability and how to prioritize tasks efficiently to meet project deadlines.

Freelance Web Developer

Fiverr | 2018 - 2019

I have worked as a web developer at Fiverr. While working at Fiverr, I have had the opportunity to collaborate with various clients from all around the world. I have developed websites ranging from simple one-page portfolios to more medium projects. My expertise includes front-end development using HTML, CSS, and JavaScript, as well as back-end development with technologies like Node.js and databases such as MongoDB.
